4. Bridget Walsh reported on the citizens' exploratory committee regarding the gasification plant at the Zoo. The committee plans to present a panel of experts in the fall to discuss air and water quality and safety issues, and its location in the middle of a large residential area. Bridget handed out a fact sheet from Energy Justice Network, a book excerpt from Zero Waste Solution (Paul Connett), and a reading list.
5. Nancy Francis reported on noise issues. Nancy prepared a comprehensive report entitled "I'm Sorry, I Can't Hear You!" It contains detailed legal, technical and political coverage of the noise issue in Denver.

Louis will email minutes of the May meeting for approval, as there was no quorum. Louis also mentioned that CPFAN had a table at the Ice Cream Social in the City Park Pavilion and appreciated City Park Alliance's hosting the event. There was some

discussion of the booth and potential participation in the Park Hill 4th of July Parade.
